Improves gut health
nutrient digestion and
absorption

CITRIFIER

Water Acidifier

CITRIFIER

Water Acidifier

Clean drinking water is an essential part of bird health, but even the clearest looking water can carry hidden dangers like Bacteria, Virus, Fungus etc. "Water plays a vital role in digestion, transportation of nutrients, body temperature regulation and removal of waste products from the body. It has a huge impact on bird health and farm performance." There are two key aspects to clean water in-farm:

- Terminal hygiene, Flushing of water acidifier in pipe lines and breakdown of biofilm.
- Frequent water treatments by Water acidifier like **CITRIFIER** /sanitizer & it's a Key part of eliminating pathogenic bacteria and promotes healthy gut & ultimately boosting bird health. Prefer, **CITRIFIER** which is the choice of water acidifier as it is selectively formulated by expert and having proven results on farms, **CITRIFIER** reduces the pH of water and eliminates the bacteria & nullifies the chances of biofilm formation in pipelines.

COMPOSITION

CITRIFIER is a mix of highly potential organic acids with well-balanced combination

BENEFITS

- Reduces the pH of water and gut
- Eliminates harmful pathogens in water and gut
- Improves gut health, nutrient digestion and absorption
- Prevents biofilm formation in water pipe lines

DOSAGE

1-2 ml / 10 liter of drinking water
or till water with reduced pH level 6 to 6.5

PRESENTATION

5 Liter pack
